

Juvenile Justice Fund Development and Community Outreach Intern (Summer 2011)

The mission of the Juvenile Justice Fund (JJF) is to fulfill the unmet needs of children and families coming through Georgia's juvenile justice system. We partner with the Fulton County Juvenile Court to address those needs by advocating at the federal, state and local level; implementing direct service programs; providing education and training; and increasing public awareness. All children always matter is the driving force behind all of our programs, which are specifically focused on stopping the commercial sexual exploitation of children (CSEC) and supporting family reunification efforts.

Our internship program is designed to give undergraduate and graduate students the opportunity to actively participate in the work we do to protect and serve the children who need us most. Although interns will work within a specific program or department, our hope is that they will understand the totality of JJF and will be able to work from a framework that encompasses the entire organization. In addition to providing essential programmatic assistance to JJF staff, interns will gain an understanding of critical issues for youth in metropolitan Atlanta, learn more about the way a non-profit organization operates, obtain valuable skills they can take into the workforce upon graduation and participate in networking opportunities with JJF staff and juvenile court employees. The Development and Community Outreach Intern will work directly with the Fundraising/Communications Officer and the Grants Officer.

Development and Community Outreach Intern Responsibilities:

- Assist with special events (fundraisers, etc.)
- Create documents for media use
- Maintain the Juvenile Justice Fund website and social media (Facebook, etc.)
- Update contact management system on a regular basis
- Research potential funding opportunities
- Research community events/speaking engagements for JJF staff to participate in
